

ATTENTION: All West Deptford Township Residents

This month you should have received notification from Appraisal Systems, Inc. informing you of the Revaluation of West Deptford being conducted by West Deptford Township and the Gloucester County Assessor's (Pilot Program) office.

This will be a Township wide revaluation program, with representatives from their company visiting each and every property in town. The field person will have identification with them and will need to measure the exterior of your home or property, as well as, inspect the interior of the home.

Please refer to your recent letter from Appraisal Systems for any further instructions, etc.

[The notification letter that was sent out to you, the property owner, is attached for your review here.](#)

If you have need of more information, please do not hesitate to contact the West Deptford Township Assessor's Office at 856-845-4004, extension 110.
