AN ORDINANCE OF THE TOWNSHIP OF WEST DEPTFORD
DESIGNATING RIPARIAN BUFFER CONSERVATION ZONES

BE IT ORDAINED by the Mayor and Township Committee of the Township of West Deptford, County of Gloucester and State of New Jersey, that Riparian Buffer Conservation Zones are designated as follows:

I. INTENT AND PURPOSE.

The governing body of the Township of West Deptford ("Township") finds that riparian lands adjacent to streams, lakes, or other surface water bodies that are adequately vegetated provide an important environmental protection and water resource management benefit. It is necessary to protect and maintain the beneficial character of riparian areas by implementing specifications for the establishment, protection, and maintenance of vegetation along the surface water bodies within the jurisdiction of the Township, consistent with the interest of landowners in making reasonable economic use of parcels of land that include such designated areas. The purpose of this Ordinance is to designate Riparian Buffer Conservation Zones, and to provide for land use regulation therein in order to protect the streams, lakes, and other surface water bodies of the Township; to protect the water quality of watercourses, reservoirs, lakes, and other significant water resources within the Township; to protect the riparian and aquatic ecosystems of the Township; to provide for the environmentally sound use of the land resources of the Township, and to complement existing state, regional, county, and municipal stream corridor protection and management regulations and initiatives. The specific purposes and intent of this Ordinance are to:

A. Restore and maintain the chemical, physical, and biological integrity of the water resources of the Township;

B. Prevent excessive nutrients, sediment, and organic matter, as well as biocides and other pollutants, from reaching surface waters by optimizing opportunities for filtration, deposition, absorption, adsorption, plant uptake, biodegradation, and denitrification, which occur when stormwater runoff is conveyed through vegetated buffers as stable, distributed sheet flow prior to reaching receiving waters;

C. Provide for shading of the aquatic environment so as to moderate temperatures, retain more dissolved oxygen, and support a healthy assemblage of aquatic flora and fauna;

D. Provide for the availability of natural organic matter (fallen leaves and twigs) and large woody debris (fallen trees and limbs) that provide food and habitat for small bottom dwelling organisms (insects, amphibians, crustaceans, and small fish), which are essential to maintain the food chain;

E. Increase stream bank stability and maintain natural fluvial geomorphology of the
stream system, thereby reducing stream bank erosion and sedimentation and protecting habitat for aquatic organisms;

F. Maintain base flows in streams and moisture in wetlands;

G. Control downstream flooding; and

H. Conserve the natural features important to land and water resources, e.g., headwater areas, groundwater recharge zones, floodways, floodplains, springs, streams, wetlands, woodlands, and prime wildlife habitats.

II. STATUTORY AUTHORITY.

The Township is empowered to regulate land uses under the provisions of the New Jersey Municipal Land Use Law, N.J.S.A. 40:55D-1 et seq., which authorizes each municipality to plan and regulate land use in order to protect public health, safety and welfare by protecting and maintaining native vegetation in riparian areas. the Township is also empowered to adopt and implement this Ordinance under provisions provided by the following legislative authorities of the State of New Jersey:

A. Water Pollution Control Act, N.J.S.A. 58:10A et seq.

III. DEFINITIONS.

Administrative Authority means the Planning Board or Board of Adjustment or Construction Office with all of the powers delegated, assigned, or assumed by them according to statute or ordinance.

Applicant means a person applying to the Planning Board, Board of Adjustment or the Construction Office proposing to engage in an activity that is regulated by the provisions of this ordinance, and that would be located in whole or in part within a regulated Riparian Buffer Conservation Zone.

Category One (C1) Waters shall have the meaning ascribed to this term by the Surface Water Quality Standards at N.J.A.C. 7:9B-1.15, which have been identified for protection from degradation in water quality characteristics because of their clarity, color, scenic setting, and other characteristics of aesthetic value, exceptional ecological significance, exceptional recreational significance, exceptional water supply significance, or exceptional fisheries
resources.

**Category Two Waters** means those waters not designated as Outstanding Natural Resource Waters or Category One in the Surface Water Quality Standards at *N.J.A.C.* 7:9B-1.15 for purposes of implementing the antidegradation policies set forth at *N.J.A.C.* 7:9B-1.5(d).

**Floodway** shall have the meaning ascribed to this term by the Flood Hazard Area Control Act (*N.J.S.A.* 58:16A-50 et seq.) and regulations promulgated there under published at *N.J.A.C.* 7.13 et seq., and any supplementary or successor legislation and regulations from time to time enacted or promulgated.

**Intermittent Stream** means surface water drainage channels with definite bed and banks in which there is not a permanent flow of water. Streams shown as a dashed line on either the USGS topographic quadrangle maps or the USDA County Soil Survey Maps of the most recent edition that includes hydrography are included as intermittent streams.

**Lake, pond, or reservoir** means any impoundment, whether naturally occurring or created in whole or in part by the building of structures for the retention of surface water, excluding sedimentation control and stormwater retention/detention basins and ponds designed for treatment of wastewater.

**Perennial stream** means a stream that flows continuously throughout the year in most years. These streams usually appear as a blue line on USGS topographic quadrangle maps or on USDA County Soil Survey Maps.

**Riparian Buffer Conservation Zone (RBCZ)** means an area of land or water within or adjacent to a Surface Water Body within the municipality and designated on the Riparian Buffer Conservation Zone Map promulgated by the Township in accordance with Section IV of this Ordinance.

**Riparian Buffer Conservation Zone Management Plan** means a plan approved by the Engineer of the Township. The plan shall be prepared by a landscape architect, professional engineer or other qualified professional, and shall evaluate the effects of any proposed activity/uses on any RBCZ. The plan shall identify existing conditions, all proposed activities, and all proposed management techniques, including any measures necessary to offset disturbances to any affected RBCZ.

**Surface Water Body** means any perennial stream, intermittent stream, lake, pond, or reservoir, as defined herein. In addition, any state open waters identified in a letter of interpretation issued by the New Jersey Department of Environmental Protection Land Use Regulation Program shall also be considered surface water bodies.

**IV. ESTABLISHMENT OF RIPARIAN BUFFER CONSERVATION ZONES.**

A. Riparian Buffer Conservation Zones (RBCZs) shall be delineated as follows:
1. In the case of Category One (C1) waters, the RBCZ shall equal the Special Water Resource Protection Area, and shall be measured as defined at N.J.A.C. 7:8-5.5(h). Special Water Resource Protection Areas are established along all waters designated as C1 at N.J.A.C. 7:9B and perennial or intermittent streams that drain into or upstream of the C1 waters as shown on the USGS quadrangle map or in the County Soil Surveys within the associated HUC 14 drainage.

2. For areas adjacent to surface water bodies designated Category Two Waters for Trout Production (FW2-TP) the RBCZ shall be measured from the defined edge of the intermittent or perennial stream, or centerline if the bank is not defined, and from the defined edge of a lake, pond or reservoir at bank-full flow or level, and shall extend 150 feet horizontally outward from the perpendicular. Where steep slopes (in excess of 10 percent) are located within the designated widths, the RBCZ shall be extended to include the entire distance of this sloped area.

3. For areas adjacent to other surface water bodies, the RBCZ shall be measured from the top of bank of an intermittent or perennial stream, or centerline if bank is not defined, and from the defined edge of a lake, pond or reservoir at bank-full flow or level, and shall extend 75 feet horizontally outward from the perpendicular. Where steep slopes (in excess of 15 percent) are located within the designated widths, the RBCZ shall be extended to include the entire distance of this sloped area to a maximum of 300 feet.

4. For areas adjacent to surface water bodies for which the Floodway has been delineated, the RBCZ shall cover the entire Floodway area, or the area described in Section IV.A.1. or IV.A.2., whichever area has the greatest extent. Floodway delineations shall be based upon the State’s adopted floodway delineations. However, requests for alterations to the adopted delineations can be provided to the New Jersey Department of Environmental Protection for consideration if site specific information is available.

B. An RBCZ is an overlay to the existing zoning districts. The provisions of the underlying district shall remain in full force except where the provisions of the RBCZ differ from the provisions of the underlying district, in which case the provision that is more restrictive shall apply. These provisions apply to land disturbances resulting from or related to any activity or use requiring application for any of the following permits or approvals:

- Building permit
- Zoning variance
- Special exception
- Conditional use
- Subdivision/land development approval
C. A map of the RBCZs of the entire Township, including all land and water areas within its boundaries, which designates Surface Water Bodies, is included as part of this Ordinance, and is appended as Figure #1. Maps of the municipality on which these designations have been overlain shall be on file and maintained by the offices of the Clerk of the Township. This map conforms to all applicable laws, rules and regulations applicable to the creation, modification and promulgation of zoning maps.

D. It shall be the duty of the Engineer of the Township, every second year after the adoption of this Ordinance, to propose modifications to the map delineating Riparian Buffer Conservation Zones required by any naturally occurring or permitted change in the location of a defining feature of a surface water body occurring after the initial adoption of the RBCZ map, to record all modifications to the RBCZ map required by decisions or appeals under Section XI, and by changes made by the New Jersey Department of Environmental Protection in surface water classifications or Floodway delineations. Floodway delineations shall be based upon the State’s adopted floodway delineations. However requests for alterations to the adopted delineations can be provided to the Department for consideration if site-specific information is available.

E. The applicant or designated representative shall be responsible for the initial determination of the presence of an RBCZ on a site, and for identifying the area on any plan submitted to the Township in conjunction with an application for a construction permit, subdivision, land development, or other improvement that requires plan submissions or permits. This initial determination shall be subject to review and approval by the municipal engineer, governing body, or its appointed representative, and, where required, by the New Jersey Department of Environmental Protection.

F. The municipal Master Plan provides the legal basis for zoning and land use regulation at the local level. The technical foundation for local RBCZs in this municipality should be incorporated into the Master Plan. A technical report on the need for Riparian Buffer Conservation Zones in the Township may be adopted as part of the Master Plan (N.J.S.A 40:55D-28b(11)). The technical report should include the following information: a statement setting forth the rationale and need to protect RBCZs; reference to the methods used to designate and delineate RBCZs.

V. USES PERMITTED IN RIPARIAN BUFFER CONSERVATION ZONES.

A. For Category One (C1) RBCZs, permitted uses are governed by N.J.A.C. 7:8-5.5(h), unless otherwise exempt. If exempt from N.J.A.C. 7:8-5.5(h), the uses shall be governed by this ordinance as if the RBCZ was not a Category One (C1) RBCZ.

B. Any other RBCZ area shall remain in a natural condition or, if in a disturbed condition, including agricultural activities, at the time of adoption of this ordinance may be restored to a natural condition. There shall be no clearing or cutting of trees and brush, except for removal of dead vegetation and pruning for reasons of public safety or for the replacement of invasive species with indigenous species. There shall be no OK altering of watercourses,
dumping of trash, soil, dirt, fill, vegetative or other debris, regrading or construction. The following uses are permitted either by right or after review and approval by the municipality in RBCZs. No new construction, development, use, activity, encroachment, or structure shall take place in an RBCZ, except as specifically authorized in this Section. The following uses shall be permitted within an RBCZ:

1. Open space uses that are primarily passive in character shall be permitted by right to extend into an RBCZ, provided near stream vegetation is preserved. These uses do not require approval by the Zoning Enforcement Officer or compliance with an approved RBCZ Management Plan. Such uses include wildlife sanctuaries, nature preserves, forest preserves, fishing areas, game farms, fish hatcheries and fishing reserves, operated for the protection and propagation of wildlife, but excluding structures. Such uses also include passive recreation areas of public and private parklands, including unpaved hiking, bicycle and bridle trails, provided that said trail have been stabilized with pervious materials.

2. Fences, for which a permit has been issued by the Construction Code Office, to the extent required by applicable law, rule or regulation.

3. Crossings by farm vehicles and livestock, recreational trails, roads, railroads, storm water lines, sanitary sewer lines, water lines and public utility transmission lines, provided that the land disturbance is the minimum required to accomplish the permitted use, subject to approval by the Zoning Enforcement Officer, provided that any applicable State permits are acquired, and provided that any disturbance is offset by buffer improvements in compliance with an approved RBCZ Management Plan and that the area of the crossing is stabilized against significant erosion due to its use as a crossing.

4. Stream bank stabilization or riparian reforestation, which conform to the guidelines of an approved RBCZ Management Plan, or wetlands mitigation projects that have been approved by the Department of Environmental Protection, subject to approval by the Zoning Enforcement Officer and subject to compliance with an approved RBCZ Management Plan.

VI. PERFORMANCE STANDARDS FOR RIPARIAN BUFFER CONSERVATION ZONES

A. All encroachments proposed into Category One (C1) RBCZs shall comply with the requirements at N.J.A.C. 7:8-5.5(h) and shall be subject to review and approval by the New Jersey Department of Environmental Protection, unless exempt. If exempt, the encroachment shall be subject to the provisions of VI.B below.

B. For all other RBCZs, the following conditions shall apply:

1. All new major and minor subdivisions and site plans shall be designed to provide sufficient areas outside of the RBCZ to accommodate primary structures, any
normal accessory uses appurtenant thereto, as well as all planned lawn areas.

2. Portions of lots within the RBCZ must be permanently restricted by deed or conservation easement held by the Township, its agent, or another public or private land conservation organization which has the ability to provide adequate protection to prevent adverse impacts within the RBCZ. A complete copy of the recorded conservation restriction that clearly identifies the deed book and pages where it has been recorded in the office of the clerk of the applicable county or the registrar of deeds and mortgages of the applicable county must be submitted to the municipality. The applicant shall not commence with the project or activity prior to making this submittal and receiving actual approval of the plan modification and receipt of any applicable permits from the Department of Environmental Protection. The recorded conservation restriction shall be in the form approved by the municipality and shall run with the land and be binding upon the property owner and the successors in interest in the property or in any part thereof. The conservation restriction may include language reserving the right to make de minimus changes to accommodate necessary regulatory approvals upon the written consent of the municipality, provided such changes are otherwise consistent with this chapter. The recorded conservation restriction shall, at a minimum, include:

   a. A written narrative of the authorized regulated activity, date of issuance, and date of expiration, and the conservation restriction that, in addition, includes all of the prohibitions set forth at N.J.S.A. 13:8B-2b(1) through (7);

   b. Survey plans for the property as a whole and, where applicable, for any additional properties subject to the conservation restrictions. Such survey plans shall be submitted on the surveyor's letterhead, signed and sealed by the surveyor, and shall include metes and bounds descriptions of the property, the site, and the areas subject to the conservation restriction in New Jersey State Plane Coordinates, North American Datum 1983, and shall depict the boundaries of the site and all areas subject to the conservation restriction as marked with flags or stakes onsite. All such survey plans shall be submitted on paper and in digital CAD or GIS file on a media and format defined by the municipality. The flags or stakes shall be numbered and identified on the survey plan; and

   c. A copy or copies of deeds for the property as a whole that indicate the deed book and pages where it has been recorded in the office of the clerk of the applicable county or the registrar of deeds and mortgages of the applicable county.

3. Any lands proposed for development which include all or a portion of an RBCZ shall as a condition of any major subdivision or major site plan approval, provide for the vegetation or re-vegetation of any portions of the RBCZ which are not vegetated at the time of the application or which were disturbed by prior land uses, including for agricultural use. Said vegetation plan shall utilize native and non-invasive tree and plant species to the maximum extent practicable in accordance with an approved Riparian
Buffer Conservation Zone Management Plan, described in Section X.

4. For building lots which exist as of the date of adoption of this ordinance, but for which a building permit or a preliminary site plan approval has not been obtained or is no longer valid, the required minimum front, side, and rear setbacks may extend into the RBCZ, provided that a deed restriction and/or conservation easement is applied which prohibits clearing or construction in the RBCZ.

5. All stormwater shall be discharged outside of but may flow through an RBCZ and shall comply with the Standard For Off-Site Stability in the “Standards for Soil Erosion and Sediment Control in New Jersey”, established under the Soil Erosion and Sediment Control Act, N.J.S.A. 4:24-39 et seq. (See N.J.A.C. 2:90-1.3.)

6. If stormwater discharged outside of and flowing through an RBCZ cannot comply with the Standard For Off-Site Stability cited in Section VI.5, then the stabilization measures in accordance with the requirements of the above standards may be placed within the RBCZ, provided that:

   a. Stabilization measures shall not be placed closer than 50 feet from the top of the bank at bank-full flow or level of affected surface water bodies.

   b. The encroachment shall only be allowed where the applicant demonstrates that the functional value and overall conditions of the RBCZ will be maintained to the maximum extent practicable;

   c. A conceptual project design meeting shall be held with the appropriate municipal staff and Soil Conservation District staff to identify necessary stabilization measures; and

   d. All encroachments proposed under this section shall be subject to review and approval by the Administrative Authority.

VII. NONCONFORMING STRUCTURES AND USES IN RIPARIAN BUFFER CONSERVATION ZONES

Nonconforming structures and uses of land within the RBCZ are subject to the following requirements:

A. Legally existing but nonconforming structures or uses may be continued.

B. Any proposed enlargement or expansion of the building footprint within a Category One (C1) RBCZ shall comply with the standards in N.J.A.C. 7:8-5.5(h).

C. For all other RBCZs:
1. Encroachment within the RBCZ shall only be allowed where previous development or disturbance has occurred.

2. Existing impervious cover shall not be increased within the RBCZ as a result of encroachments where previous development or disturbances have occurred.

3. Discontinued nonconforming uses may be resumed any time within one year from such discontinuance but not thereafter when showing clear indications of abandonment. No change or resumption shall be permitted that is more detrimental to the RBCZ, as measured against the intent and purpose under Section I, than the existing or former nonconforming use. This one-year time frame shall not apply to agricultural uses that are following prescribed Best Management Practices for crop rotation. However, resumption of agricultural uses must be strictly confined to the extent of disturbance existing at the time of adoption of this ordinance.

VIII. USES PROHIBITED IN RIPARIAN BUFFER CONSERVATION ZONES

A. Any use within a Category One (C1) RBCZ shall comply with the standards in N.J.A.C. 7:8-5.5(h).

B. For other RBCZs, any use or activity not specifically authorized in Section V or Section VII shall be prohibited within the RBCZ. By way of example, the following activities and facilities are prohibited:

1. Removal or clear-cutting of trees and other vegetation or soil disturbance such as grading, except for selective vegetation removal for the purpose of stream or riparian area stabilization or restoration projects that require vegetation removal or grading prior to implementation.

2. Storage of any hazardous or noxious materials.

3. Use of fertilizers, pesticides, herbicides, and/or other chemicals in excess of prescribed industry standards or the recommendations of the Soil Conservation District.

4. Roads or driveways, except where permitted in compliance with Section V.

5. Motor or wheeled vehicle traffic in any area, except as permitted by this Ordinance.

6. Parking lots.

7. Any type of permanent structure, except structures needed for a use permitted by Section V.
8. New subsurface sewage disposal areas. The expansion and replacement of existing subsurface sewage disposal areas for existing uses is permitted.

9. Residential grounds or lawns, except as otherwise permitted pursuant to this Ordinance.

IX. ACTIVITIES PERMITTED IN STREAM BUFFER CONSERVATION ZONES IN THE CASE OF NO REASONABLE OR PRUDENT ALTERNATIVE OR EXTREME HARDSHIP

A. For Category One (C1) RBCZs, requests for exemptions that fall under the purview of the Stormwater Management Rules must be authorized by the New Jersey Department of Environmental Protection, as per N.J.A.C. 7:8-5.5(h)1.ii.

B. For other RBCZs, hardship variances may be granted by the Zoning Board of Adjustment in cases of a preexisting lot (existing at the time of adoption of this ordinance) when there is insufficient room outside the RBCZ for uses permitted by the underlying zoning and there is no other reasonable or prudent alternative to placement in the RBCZ, including obtaining variances from setback or other requirements that would allow conformance with the RBCZ requirements, and provided the following demonstrations are made:

1. An applicant shall be deemed to have established the existence of an extreme economic hardship, if the subject property is not capable of yielding a reasonable economic return if its present use is continued or if it is developed in accordance with provisions of this ordinance and that this inability to yield a reasonable economic return results from unique circumstances peculiar to the subject property which:

   a. Do not apply to or affect other property in the immediate vicinity;

   b. Relate to or arise out of the characteristics of the subject property because of the particular physical surroundings, shape or topographical conditions of the property involved, rather than the personal situations of the applicant; and are not the result of any action or inaction by the applicant or the owner or his predecessors in title.

   c. The necessity of acquiring additional land to locate development outside the RBCZ shall not be considered an economic hardship unless the applicant can demonstrate that there is no adjacent land that is reasonably available or could be obtained, utilized, expanded or managed in order to fulfill the basic purpose of the proposed activity.

2. An applicant shall be deemed to have established compelling public need if the applicant demonstrates, based on specific facts, that one of the following applies:

   a. The proposed project will serve an essential public health or safety need;
b. The proposed use is required to serve an existing public health or safety need; or

c. There is no alternative available to meet the established public health or safety need.

3. A variance can only be granted if it is shown that the activity is in conformance with all applicable local, state, and federal regulations, and that the exception granted is the minimum relief necessary to relieve the hardship.

C. If the above demonstrations are made, then the encroachment of impervious surfaces (structures or pavement) otherwise permitted by the underlying zoning is permitted to the extent of 750 square feet total. Said encroachment is not permitted closer than 100 feet from the top of the bank at bank-full flow or level of Category Two Waters for Trout Production (FW2-TP), or closer than 50 feet from the top of the bank at bank-full flow or level of other surface water bodies.

D. If such an exception is granted, the applicant shall rehabilitate an environmentally degraded RBCZ area within or adjacent to the same site, and at least equivalent in size to the RBCZ reduction permitted, or, if not possible, rehabilitate or expand an RBCZ area at least equivalent in size within a nearby site and, if available, within the same watershed. Rehabilitation shall include reforestation, stream bank stabilization and removal of debris, in accordance with an RBCZ Management Plan, as described in Section X below.

X. RIPARIAN BUFFER CONSERVATION ZONE MANAGEMENT PLAN

A. Within any RBCZ, no construction, development, use, activity, or encroachment shall be permitted unless the effects of such development are accompanied by preparation, approval, and implementation of a Riparian Buffer Conservation Zone Management Plan.

B. The landowner, applicant, or developer shall submit to [municipal contact], or its appointed representative, a Riparian Buffer Conservation Zone Management Plan prepared by an environmental professional, professional engineer or other qualified professional which fully evaluates the effects of any proposed uses on the RBCZ. The Riparian Buffer Conservation Zone Management Plan shall identify the existing conditions including:

1. Existing vegetation;

2. Field delineated surface water bodies;

3. Field delineated wetlands;

4. The 100-year floodplain;

5. Flood Hazard Areas, including Floodway and Flood Fringe areas, as delineated by the New Jersey Department of Environmental Protection;
6. Soil classifications as found on Soil Surveys;

7. Existing subdrainage areas of site with HUC-14 (Hydrologic Unit Code) designations;

8. Slopes in each subdrainage area segmented into sections of slopes less than or equal to fifteen (15%) percent; above fifteen percent but less twenty (20%) percent; and greater than twenty (20%) percent; and

The proposed plan shall describe all proposed uses/activities, and fully evaluate the effects of all proposed uses/activities in an RBCZ, and all proposed management techniques, including proposed vegetation and any other measures necessary to offset disturbances to the RBCZ. A discussion of activities proposed as well as management techniques proposed to offset disturbances and/or enhance the site to improve the RBCZ’s ability to function effectively as an RBCZ shall also be included with the RBCZ Management Plan submittal to the Township.

C. The Plan shall be reviewed and must be approved by the Engineer of the Township, in consultation with the Environmental Commission, as part of the subdivision and land development process.

D. The Riparian Buffer Conservation Zone Management Plan must include management provisions in narrative and/or graphic form specifying:

1. The manner in which the area within the RBCZ will be owned and by whom it will be managed and maintained.

2. The conservation and/or land management techniques and practices that will be used to conserve and protect the RBCZ, as applicable.

3. The professional and personnel resources that are expected to be necessary, in order to maintain and manage the RBCZ.

4. A re-vegetation plan, if applicable, that includes: three (3) layers of vegetation, including herbaceous plants that serve as ground cover, understory shrubs, and trees that when fully mature, will form an overhead canopy. Vegetation selected must be native, non-invasive species, and consistent with the soil, slope and moisture conditions of the site. The re-vegetation plan shall be prepared by a qualified environmental professional, landscape architect, or professional engineer, and shall be subject to the approval of the Municipal Engineer, in consultation with the Environmental Commission. Dominant vegetation in the Riparian Buffer Conservation Zone Management Plan shall consist of plant species that are suited to the stream buffer environment. The Engineer of the Township may require species suitability to be verified by qualified experts from the Soil Conservation District, Natural Resources Conservation Service, New Jersey Department of Environmental Protection, US Fish and Wildlife Service and/or State or Federal forest agencies.
E. A Riparian Buffer Conservation Zone Management Plan is not required where the RBCZ is not being disturbed and conservation easements/deed restrictions are applied to ensure there will be no future clearing or disturbance of the RBCZ.

F. Performance of the Riparian Buffer Conservation Zone Management Plan shall be guaranteed for two (2) years by a surety, such as a bond, cash or letter of credit, which shall be provided to the the Township prior to the the Township issuing any permits or approving any uses relating to the applicable use or activity.

XI. BOUNDARY INTERPRETATION, APPEALS PROCEDURES, INSPECTIONS, CONFLICTS, SEVERABILITY

A. When a landowner or applicant disputes the boundaries of an RBCZ, or the defined bank-full flow or level, the landowner or applicant shall submit evidence to the Township Clerk that describes the RBCZ, presents the landowner or applicant's proposed RBCZ delineation, and presents all justification for the proposed boundary change. For Category One (C1) RBCZs, the landowner or applicant must first obtain approval from the New Jersey Department of Environmental Protection. A decision from the Department must be included with the evidence submitted for municipal review.

B. Within 45 days of a complete submission of Section XIA above, the Engineer of the Township, or appointed representative, shall evaluate all material submitted and shall make a written determination, a copy of which shall be submitted to the Township Clerk and the landowner or applicant. Failure to act within the 45-day period shall not be interpreted to be an approval of the proposed boundary change.

C. Any party aggrieved by any such determination or other decision or determination under Section XI.B. may appeal to the municipal contact under the provisions of this ordinance. The party contesting the location of the RBCZ boundary shall have the burden of proof in case of any such appeal.

D. Any party aggrieved by any determination or decision of the Township Clerk under this Ordinance may appeal to the Township Committee of the Township. The party contesting the determination or decision shall have the burden of proof in case of any such appeal.

E. Inspections:

1. Lands within or adjacent to an identified RBCZ shall be inspected by [municipal representative] when:

   a. A subdivision or land development plan is submitted;

   b. A building permit is requested;
c. A change or resumption of a nonconforming use is proposed;

d. A discontinued nonconforming use is resumed more than a year later, as described in Section VII.

2. The RBCZ may also be inspected periodically by representatives from the Township if excessive or potentially problematic erosion is present, other problems are discovered, or at any time when the presence of an unauthorized activity or structure is brought to the attention of municipal officials or when the downstream surface waters are indicating reduction in quality.

F. Conflicts: All other ordinances, parts of ordinances, or other local requirements that are inconsistent or in conflict with this ordinance are hereby superseded to the extent of any inconsistency or conflict, and the provisions of this ordinance apply.

G. Severability:

1. Interpretation: This Ordinance shall be so construed as not to conflict with any provision of New Jersey or Federal law.

2. Notwithstanding that any provision of this Ordinance is held to be invalid or unconstitutional by a court of competent jurisdiction, all remaining provisions of the Ordinance shall continue to be of full force and effect.

3. The provisions of this Ordinance shall be cumulative with, and not in substitution for, all other applicable zoning, planning and land use regulations.

XII. ENFORCEMENT

A prompt investigation shall be made by the appropriate personnel of the Township, of any person or entity believed to be in violation hereof. If, upon inspection, a condition which is in violation of this Ordinance is discovered, a civil action in the Special Part of the Superior Court, or in the Superior Court, if the primary relief sought is injunctive or if penalties may exceed the jurisdictional limit of the Special Civil Part, by the filing and serving of appropriate process. Nothing in this Ordinance shall be construed to preclude the right of the Township, pursuant to N.J.S.A 26:3A2-25, to initiate legal proceedings hereunder in Municipal Court. The violation of any section or subsection of this Ordinance shall constitute a separate and distinct offense independent of the violation of any other section or subsection, or of any order issued pursuant to this Ordinance. Each day a violation continues shall be considered a separate offense.

BE IT FURTHER ORDAINED that this Ordinance shall take effect immediately upon final passage and publication as required by law.
TOWNSHIP OF WEST DEPTFORD

By:

ANNA DOCIMO, Mayor

ATTEST:

RAYMOND L. SHERMAN, Clerk
NOTICE IS HEREBY GIVEN that the foregoing Ordinance was introduced and passed on first reading on the day of , 2006, at a regular meeting of the Township Committee of the Township of West Deptford and will be taken up for final consideration and passage at a regularly scheduled meeting of the Mayor and Township Committee of the Township of West Deptford to be held on the day of , 2006 at 7:00 p.m. at the Municipal Building, 400 Crown Point Road, Thorofare, New Jersey.

RAYMOND L. SHERMAN, Clerk
ORDINANCE OF THE TOWNSHIP OF WEST DEPTFORD
AUTHORIZING AN AMENDMENT TO THE WEST DEPTFORD TOWNSHIP
CODE CHAPTER 141, STORMWATER CONTROL PROCEDURES
SECTION 14 - REFUSE CONTAINERS/DUMPSTERS

WHEREAS, the Township of West Deptford is a municipal entity organized and
existing under the laws of the State of New Jersey and located in Gloucester County; and

WHEREAS, the Township is authorized pursuant to the New Jersey Department of
Environmental Protection Agency to adopt and promulgate rules and regulations for the
government of its Stormwater Management Control Procedures; and

WHEREAS, the Township has provided for the adoption of such rules and regulations
by ordinance, as codified in Chapter 141 of the Township Code; and

NOW THEREFORE BE IT ORDAINED by the Mayor and Township Committee of
the Township of West Deptford as follows:

West Deptford Township Code is hereby AMENDED, as follows:

Chapter 141-14
I. Purpose:
An ordinance requiring dumpsters and other refuse containers that are outdoors or
exposed to stormwater to be covered at all times and prohibits the spilling, dumping,
leaking, or otherwise discharge of liquids, semi-liquids or solids from the containers to
the municipal separate storm sewer system(s) operated by the Township of West
Deptford and/or the waters of the State so as to protect public health, safety and welfare,
and to prescribe penalties for the failure to comply.

II. Definitions:
For the purpose of this ordinance, the following terms, phrases, words, and their
derivations shall have the meanings stated herein unless their use in this Chapter clearly
demonstrates a different meaning. When not inconsistent with the context, words used in
the present tense include the future, words used in the plural number include the singular
number, and words used in the singular number include the plural number. The word
"shall" is always mandatory and not merely directory.

a. Municipal separate storm sewer system (MS4) – a conveyance or
system of conveyances (including roads with drainage systems, 
municipal streets, catch basins, curbs, gutters, ditches, manmade
channels, or storm drains) that is owned or operated by Township of
West Deptford or other public body, and is designed and used for
collecting and conveying stormwater. NOTE: In municipalities with
combined sewer systems, add the following: "MS4 do not include
combined sewer systems, which are sewer systems that are designed to
carry sanitary sewer at all times and to collect and transport
stormwater from streets and other sources."

b. Person – any individual, corporation, company, partnership, firm,
association, or political subdivision of this State subject to municipal
jurisdiction.

c. Refuse container – any waste container that a person controls whether
owned, leased, or operated, including dumpsters, trash cans, garbage
pails, and plastic trash bags.
d. Stormwater – means water resulting from precipitation (including rain and snow) that runs off the land's surface, is transmitted to the subsurface, is captured by separate storm sewers or other sewerage or drainage facilities, or is conveyed by snow removal equipment.

c. Waters of the State – means the ocean and its estuaries, all springs, streams and bodies of surface or grand water, whether natural or artificial, within the boundaries of the State of New Jersey or subject to its jurisdiction.

III. Prohibited Conduct:
Any person who controls, whether owned, leased, or operated, a refuse container or dumpster must ensure that such container or dumpster is covered at all times and shall prevent refuse from spilling out or over flowing.
Any person who owns, leases or otherwise uses a refuse container or dumpster must ensure that such container or dumpster does not leak or otherwise discharge liquids, semi-liquids or solids to the municipal separate storm sewer system(s) operated by the Township of West Deptford.

IV. Exceptions to Prohibition:
a. Permitted temporary demolition containers
b. Litter receptacles (other than dumpsters or other bulk containers)
c. Individual homeowner trash and recycling containers
d. Refuse containers at facilities authorized to discharge stormwater under a valid NJDES permit
e. Large bulky items (e.g., furniture, bound carpet and padding, white goods placed curbside for pickup)

V. Enforcement:
This ordinance shall be enforced by the Police Department and/or other Municipal Officials of West Deptford Township.

VI. Penalties:
Any person(s) who is found to be in violation of the provisions of this ordinance shall be subject to a fine not to exceed $500.00 per day.

VII. Severability:
Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

BE IT FURTHER ORDAINED, that this Ordinance will take effect after adoption and publication according to law.

TOWNSHIP OF WEST DEPTFORD

AMY LESO, RMC, Township Clerk
PLEASE TAKE NOTICE that the foregoing Ordinance of the Township of West Deptford was passed on second reading by the Township Committee at its meeting on December 5th, 2013, held at the Municipal Building located at 400 Crown Point Road, Thoroare, New Jersey, after a public hearing was held thereon. Copies of the Ordinance are available for inspection in the Office of the Township Clerk.

Amy L eso, RMC Township Clerk
AN ORDINANCE OF THE TOWNSHIP OF WEST DEPTFORD
AMENDING CHAPTER 105, “LITTERING” OF THE
CODE OF THE TOWNSHIP OF WEST DEPTFORD

BE IT ORDAINED by the Mayor and Township Committee of the Township of West Deptford, County of Gloucester and State of New Jersey, that Chapter 105, “Littering”, of the Code of the Township of West Deptford be and is hereby amended, as follows:

§105-1. Definitions.

REPLACE the first paragraph and the definition for “LITTER” as follows:

For the purpose of this ordinance, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

LITTER - any used or unconsumed substance or waste material which has been discarded, whether made of aluminum, glass, plastic, rubber, paper, or other natural or synthetic material, or any combination thereof, including, but not limited to, any bottle, jar or can, or any top, cap or detachable tab of any bottle, jar or can, any unlighted cigarette, cigar, match or any flaming or glowing material or any garbage, trash, refuse, debris, rubbish, grass clippings or other lawn or garden waste, newspapers, magazines, glass, metal, plastic or paper containers or other packaging or construction material, but does not include the waste of the primary processes of mining or other extraction processes, logging, sawmilling, farming or manufacturing.

ADD the following definitions:

LITTER RECEPTACLE – a container suitable for the depositing of litter.

PERSON – any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.

§105-2. Littering prohibited.

REPLACE in its entirety as follows:

It shall be unlawful for any person to throw, drop, discard or otherwise place any litter of any nature upon public or private property other than in a litter receptacle, or having done so, to allow such litter to remain.

§105-3. Litter thrown from vehicles.
REPLACE in its entirety as follows:

Whenever any litter is thrown or discarded or allowed to fall from a vehicle or boat in violation of this ordinance, the operator or owner, or both, of the motor vehicle or boat shall also be deemed to have violated this ordinance.

ADD the following sections:

§105-17. Enforcement.

This ordinance shall be enforced by the [Police Department and/or other Municipal Officials] of Township of West Deptford.

§105-18. Severability.

Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

BE IT FURTHER ORDAINED that this Ordinance shall take effect immediately upon final passage and publication as required by law.

ATTEST:

RAYMOND L. SHERMAN, Clerk
NOTICE IS HEREBY GIVEN that the foregoing Ordinance was introduced and passed on first reading on the day of , 2006, at a regular meeting of the Township Committee of the Township of West Deptford and will be taken up for final consideration and passage at a regularly scheduled meeting of the Mayor and Township Committee of the Township of West Deptford to be held on the day of , 2006 at 7:00 p.m. at the Municipal Building, 400 Crown Point Road, Thorofare, New Jersey.

RAYMOND L. SHERMAN, Clerk
AN ORDINANCE OF THE TOWNSHIP OF WEST DEPTFORD
AMENDING CHAPTER 82, “DOGS AND OTHER ANIMALS” OF THE
CODE OF THE TOWNSHIP OF WEST DEPTFORD

BE IT ORDAINED by the Mayor and Township Committee of the Township of West Deptford, County of Gloucester and State of New Jersey, that Chapter 82, “Dogs and Other Animals”, of the Code of the Township of West Deptford be and is hereby amended, as follows:

§82-1. Definitions.

REPLACE the first paragraph as follows:

For the purpose of this ordinance, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

ADD the following definitions:

IMMEDIATE – shall mean that the pet solid waste is removed at once, without delay.

OWNER/KEEPER – any person who shall possess, maintain, house or harbor any pet or otherwise have custody of any pet, whether or not the owner of such pet.

PERSON – any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.

PET - a domesticated animal (other than a disability assistance animal) kept for amusement or companionship.

PET SOLID WASTE – waste matter expelled from the bowels of the pet; excrement.

PROPER DISPOSAL – placement in a designated waste receptacle, or other suitable container, and discarded in a refuse container which is regularly emptied by the municipality or some other refuse collector; or disposal into a system designed to convey domestic sewage for proper treatment and disposal.

ADD the following sections:

All pet owners and keepers are required to immediately and properly dispose of their pet’s solid waste deposited on any property, public or private, not owned or possessed by that person.

§82-20. Exemptions.

Any owner or keeper who requires the use of a disability assistance animal shall be exempt from the provisions of this section while such animal is being used for that purpose.

§82-21. Enforcement.

The provisions of this Article shall be enforced by the Police Department and the Local Board of Health of the Township of West Deptford.

§82-22. Severability.

Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

BE IT FURTHER ORDAINED that this Ordinance shall take effect immediately upon final passage and publication as required by law.

RESOLUTION OF THE WEST DEPTFORD TOWNSHIP PLANNING BOARD AUTHORIZING AMENDMENT TO THE MASTER PLAN

WHEREAS, the Township of West Deptford adopted a Master Plan in accordance with the State Planning Act and under N.J.S.A. 40:55D-28; and

WHEREAS, the Master Plan is in need of an update or amendment thereto; and

WHEREAS, in accordance with requirements of the New Jersey Department of Environmental Protection, the Master Plan of West Deptford Township should include a stormwater management plan element in accordance with the NJDEP Phase II Stormwater Management Permit Program.

NOW, THEREFORE, BE IT RESOLVED by the West Deptford Township Planning Board as follows:

1. The Planning Board hereby approves and recommends to the Township of West Deptford, an amendment to the Master Plan, as to the addition of a stormwater management plan element.

2. The stormwater master plan element shall be completed in accordance with the requirements of the NJDEP Phase II Stormwater Management Permit Program.

3. A copy of this resolution shall be forwarded to the Township Committee in recommendation of amendment to the Master Plan as set forth above.

4. It is hereby noted that in accordance with N.J.S.A. 40:55D-28, a public hearing was held on April 25th, 2006.
THIS RESOLUTION DULY ADOPTED at a regular meeting of the West Deptford Township Planning Board held on the 25th day of April, 2006.

AN ORDINANCE OF THE TOWNSHIP OF WEST DEPTFORD
AMENDING CHAPTER 189, "SOLID WASTE DISPOSAL" OF THE
CODE OF THE TOWNSHIP OF WEST DEPTFORD

BE IT ORDAINED by the Mayor and Township Committee of the Township of West
Deptford, County of Gloucester and State of New Jersey, that Chapter 189, "Solid Waste
Disposal", of the Code of the Township of West Deptford be and is hereby amended to add the
following:

ARTICLE III

Yard Waste

§189-14. Purpose.

An ordinance to establish a yard waste collection and disposal program in the Township
of West Deptford, so as to protect public health, safety and welfare, and to prescribe penalties
for the failure to comply.

For the purpose of this ordinance, the following terms, phrases, words and their
derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly
demonstrates a different meaning. When not inconsistent with the context, words used in the
present tense include the future, words used in the plural number include the singular
number, and words used in the singular number include the plural number. The word "shall"
is always mandatory and not merely directory.

CONTAINERIZED – means the placement of yard waste in a trash can, bucket, bag or
other vessel, such as to prevent the yard waste from spilling or blowing out into the street
and coming into contact with stormwater.

PERSON – any individual, corporation, company, partnership, firm, association, or
political subdivision of this State subject to municipal jurisdiction.

STREET – means any street, avenue, boulevard, road, parkway, viaduct, drive, or other
way, which is an existing State, county, or municipal roadway, and includes the land
between the street lines, whether improved or unimproved, and may comprise pavement,
shoulders, gutters, curbs, sidewalks, parking areas, and other areas within the street lines.

YARD WASTE – means leaves and grass clippings.
§189-16.  Yard waste collection.

Sweeping, raking, blowing or otherwise placing yard waste that is not containerized at the curb or along the street is only allowed during the seven (7) days prior to a scheduled and announced collection, and shall not be placed closer than 10 feet from any storm drain inlet. Placement of such yard waste at the curb or along the street at any other time or in any other manner is a violation of this ordinance. If such placement of yard waste occurs, the party responsible for placement of the yard waste must remove the yard waste from the street or said party shall be deemed in violation of this ordinance.

§189-17.  Enforcement.

The provisions of this ordinance shall be enforced by ____________________________.

§189-18.  Violations and Penalties.

Any person(s) who is found to be in violation of the provisions of this ordinance shall be subject to a fine not to exceed $50.00.

Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

BE IT FURTHER ORDAINED that this Ordinance shall take effect immediately upon final passage and publication as required by law.

RAYMOND L. SHERMAN, Clerk
O-2013-12

ORDINANCE OF THE TOWNSHIP OF WEST DEPTFORD
AUTHORIZING AN AMENDMENT TO THE WEST DEPTFORD TOWNSHIP CODE
CHAPTER 141, STORMWATER CONTROL PROCEDURES SECTION 13 - PRIVATE
STORM DRAIN INLET RETROFITTING

WHEREAS, the Township of West Deptford is a municipal entity organized and
existing under the laws of the State of New Jersey and located in Gloucester County; and

WHEREAS, the Township is authorized pursuant to the New Jersey Department of
Environmental Protection Agency to adopt and promulgate rules and regulations for the
government of its Stormwater Management Control Procedures; and

WHEREAS, the Township has provided for the adoption of such rules and regulations
by ordinance, as codified in Chapter 141 of the Township Code; and

NOW THEREFORE BE IT ORDAINED by the Mayor and Township Committee of
the Township of West Deptford as follows:

West Deptford Township Code is hereby AMENDED, as follows:

Chapter 141-13

I. Purpose:
   An ordinance requiring the retrofitting of existing storm drain inlets which are in
direct contact with repaving, repairing, reconstruction, or resurfacing or alterations of
facilities on private property, to prevent the discharge of solids and floatables (such as
plastic bottles, cans, food wrappers and other litter) to the municipal separate storm
sewer system(s) operated by the Township of West Deptford so as to protect public
health, safety and welfare, and to prescribe penalties for the failure to comply.

II. Definitions:
   For the purpose of this ordinance, the following terms, phrases, words, and their
derivations shall have the meanings stated herein unless their use in this Chapter clearly
demonstrates a different meaning. When not inconsistent with the context, words used in
the present tense include the future, words used in the plural number include the singular
number, and words used in the singular number include the plural number. The word
“shall” is always mandatory and not merely directory.

   a. Municipal separate storm sewer system (MS4) – a conveyance or
      system of conveyances (including roads with drainage systems,
      municipal streets, catch basins, curbs, gutters, ditches, manmade
      channels, or storm drains) that is owned or operated by Township of
      West Deptford or other public body, and is designed and used for
      collecting and conveying stormwater. NOTE: In municipalities with
      combined sewer systems, add the following: “MS4s” do not include
      combined sewer systems, which are sewer systems that are designed to
      carry sanitary sewage at all times and to collect and transport
      stormwater from streets and other sources.

   b. Person – any individual, corporation, company, partnership, firm,
      association, or political subdivision of this State subject to municipal
      jurisdiction.
c. Storm drain inlet – an opening in a storm drain used to collect stormwater runoff and includes, but is not limited to, a grate inlet, curb-opening inlet, slotted inlet, and combination inlet.

d. Waters of the State – means the ocean and its estuaries, all springs, streams and bodies of surface or grand water, whether natural or artificial, within the boundaries of the State of New Jersey or subject to its jurisdiction.

III. Prohibited Conduct:

No person in control of private property (except a residential lot with one single family house) shall authorize the repaving, repairing (excluding the repair of individual potholes), resurfacing (including top coating or ship sealing with asphalt emulsion or a thin base of hot bitumen), reconstructing or altering any surface that is in direct contact with an existing storm drain inlet on that property unless the storm drain inlet either:

1. Already meets the design standard below to control passage of solid and floatable materials; or

2. Is retrofitted or replaced to meet the standard in Section 4 below prior to the completion of the project.

IV. Design Standard:

Storm drain inlets identified in Section 3 above shall comply with the following standard to control passage of solid and floatable materials through storm drain inlets. For purposes of this paragraph, “solid and floatable materials” means sediment, debris, trash, and other floating, suspended, or settleable solids. For exemptions to this standard see Section 5.3 below.

1. Design engineers shall use either of the following grates whenever they use a grate in pavement or another ground surface to collect stormwater from that surface into a storm drain or surface water body under that grate:

   a. The New Jersey Department of Transportation (NJDOT) bicycle safe grate, which is described in Chapter 2.4 of the NJDOT Bicycle Compatible Roadways and Bikeways Planning and Design Guidelines (April 1996); or

   b. A different grate, if each individual clear space in that grate has an area of no more than seven (7.0) square inches, or is no greater than 0.5 inches across the smallest dimension.

Examples of grates subject to this standard include grates in grate inlets, the grate portion (non-curb-opening portion) of combination inlets, grates on storm sewer manholes, ditch grates, trench grates, and grates of spacer bars in slotted drains. Examples of ground surfaces include surfaces of roads (including bridges), driveways, parking areas, bikeways, plazas, sidewalks, lawns, fields, open channels, and stormwater basin floors.

2. Whenever design engineers use a curb-opening inlet, the clear space in that curb opening (or each individual clear space, if the curb opening has two or more clear spaces) shall have an area of no more than seven (7.0) square inches, or be no greater than two (2.0) inches across the smallest dimension.

3. This standard does not apply:

   a. Where the municipal engineer agrees that this standard would cause inadequate hydraulic performance that could not practically be overcome by using additional or larger storm drain inlets that meet these standards;

   b. Where flows are conveyed through any device (e.g., end of pipe netting facility, manufactured treatment device, or a catch basin hood) that is designed, at a minimum, to prevent delivery of all solid and floatable materials that could not pass through one of the following:
i. A rectangular space four and five-eighths inches long and one and one-half inches wide (this option does not apply for outfall netting facilities); or
ii. A bar screen having a bar spacing of 0.5 inches
  c. Where flows are conveyed through a trash rack that has parallel bars with one-inch (1") spacing between the bars; or
d. Where the New Jersey Department of Environmental Protection determines, pursuant to the New Jersey Register of Historic Places Rules at N.J.A.C. 7:4-7.2 (c), that action to meet this standard is an undertaking that constitutes an encroachment or will damage or destroy the New Jersey Register listed historic property.

V. Enforcement:
This ordinance shall be enforced by the Police Department and/or other Municipal Officials of West Deptford Township.

VI. Penalties:
Any person(s) who is found to be in violation of the provisions of this ordinance shall be subject to a fine not to exceed $500.00 each day, for each storm drain inlet that is not retrofitted to meet the design standard.

VII. Severability:
Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

BE IT FURTHER ORDAINED, that this Ordinance will take effect after adoption and publication according to law.

AMY LESO, RMC, Township Clerk
PLEASE TAKE NOTICE that the foregoing Ordinance of the Township of West Deptford was passed on second reading by the Township Committee at its meeting on December 5th, 2013, held at the Municipal Building located at 400 Crown Point Road, Thorofare, New Jersey, after a public hearing was held thereon. Copies of the Ordinance are available for inspection in the Office of the Township Clerk.

AMY LESO, RMC Township Clerk
ORDINANCE OF THE TOWNSHIP OF WEST DEPTFORD
AUTHORIZING AN AMENDMENT TO THE WEST DEPTFORD TOWNSHIP
CODE CHAPTER 141, STORMWATER CONTROL PROCEDURES
SECTION 14 - REFUSE CONTAINERS/DUMPSTERS

WHEREAS, the Township of West Deptford is a municipal entity organized and
existing under the laws of the State of New Jersey and located in Gloucester County; and

WHEREAS, the Township is authorized pursuant to the New Jersey Department of
Environmental Protection Agency to adopt and promulgate rules and regulations for the
government of its Stormwater Management Control Procedures; and

WHEREAS, the Township has provided for the adoption of such rules and regulations
by ordinance, as codified in Chapter 141 of the Township Code; and

NOW THEREFORE BE IT ORDAINED by the Mayor and Township Committee of
the Township of West Deptford as follows:

West Deptford Township Code is hereby AMENDED, as follows:

Chapter 141-14
I. Purpose:
An ordinance requiring dumpsters and other refuse containers that are outdoors or
exposed to stormwater to be covered at all times and prohibits the spilling, dumping,
leaking, or otherwise discharge of liquids, semi-liquids or solids from the containers to
the municipal separate storm sewer system(s) operated by the Township of West
Deptford and/or the waters of the State so as to protect public health, safety and welfare,
and to prescribe penalties for the failure to comply.

II. Definitions:
For the purpose of this ordinance, the following terms, phrases, words, and their
derivations shall have the meanings stated herein unless their use in this Chapter clearly
demonstrates a different meaning. When not inconsistent with the context, words used in
the present tense include the future, words used in the plural number include the singular
number, and words used in the singular number include the plural number. The word
"shall" is always mandatory and not merely directory.

a. Municipal separate storm sewer system (MS4) – a conveyance or
system of conveyances (including roads with drainage systems,
municipal streets, catch basins, curbs, gutters, ditches, manmade
channels, or storm drains) that is owned or operated by Township of
West Deptford or other public body, and is designed and used for
collecting and conveying stormwater. NOTE: In municipalities with
combined sewer systems, add the following: “MS4 do not include
combined sewer systems, which are sewer systems that are designed to
carry sanitary sewer at all times and to collect and transport
stormwater from streets and other sources.”
b. Person – any individual, corporation, company, partnership, firm,
association, or political subdivision of this State subject to municipal
jurisdiction.
c. Refuse container – any waste container that a person controls whether
owned, leased, or operated, including dumpsters, trash cans, garbage
pails, and plastic trash bags.
d. Stormwater – means water resulting from precipitation (including rain and snow) that runs off the land’s surface, is transmitted to the subsurface, is captured by separate storm sewers or other sewerage or drainage facilities, or is conveyed by snow removal equipment.

c. Waters of the State – means the ocean and its estuaries, all springs, streams and bodies of surface or grand water, whether natural or artificial, within the boundaries of the State of New Jersey or subject to its jurisdiction.

III. Prohibited Conduct:
Any person who controls, whether owned, leased, or operated, a refuse container or dumpster must ensure that such container or dumpster is covered at all times and shall prevent refuse from spilling out or overflowing.

Any person who owns, leases or otherwise uses a refuse container or dumpster must ensure that such container or dumpster does not leak or otherwise discharge liquids, semi-liquids or solids to the municipal separate storm sewer system(s) operated by the Township of West Deptford.

IV. Exceptions to Prohibition:
   a. Permitted temporary demolition containers
   b. Litter receptacles (other than dumpsters or other bulk containers)
   c. Individual homeowner trash and recycling containers
   d. Refuse containers at facilities authorized to discharge stormwater under a valid NJDES permit
   e. Large bulky items (e.g., furniture, bound carpet and padding, white goods placed curbside for pickup)

V. Enforcement:
This ordinance shall be enforced by the Police Department and/or other Municipal Officials of West Deptford Township.

VI. Penalties:
Any person(s) who is found to be in violation of the provisions of this ordinance shall be subject to a fine not to exceed $500.00 per day.

VII. Severability:
Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

BE IT FURTHER ORDAINED, that this Ordinance will take effect after adoption and publication according to law.

AMY LESO, RMC Township Clerk
AN ORDINANCE OF THE TOWNSHIP OF WEST DEPTFORD
ESTABLISHING CHAPTER 197, “WILDLIFE FEEDING” OF THE
CODE OF THE TOWNSHIP OF WEST DEPTFORD

BE IT ORDAINED by the Mayor and Township Committee of the Township of West
Deptford, County of Gloucester and State of New Jersey, that Chapter 197, “Wildlife Feeding”,
of the Code of the Township of West Deptford be and is hereby established, as follows:

§197-1. Purpose.

An ordinance to prohibit the feeding of unconfined wildlife in any public park or on any
other property owned or operated by the Township of West Deptford, so as to protect public
health, safety and welfare, and to prescribe penalties for failure to comply.

§197-2. Definitions.

For the purpose of this ordinance, the following terms, phrases, words and their
derivations shall have the meanings stated herein unless their use in the text of this Chapter
clearly demonstrates a different meaning. When not inconsistent with the context, words used in
the present tense include the future, words used in the plural number include the singular
number, and words used in the singular number include the plural number. The word "shall" is
always mandatory and not merely directory.

FEED – to give, place, expose, deposit, distribute or scatter any edible material with the
intention of feeding, attracting or enticing wildlife. Feeding does not include baiting in
the legal taking of fish and/or game.

PERSON – any individual, corporation, company, partnership, firm, association, or
political subdivision of this State subject to municipal jurisdiction.

WILDLIFE – all animals that are neither human nor domesticate.

§197-3. Prohibited conduct.

No person shall feed, in any public park or on any other property owned or operated by
the Township of West Deptford, any wildlife, excluding confined wildlife (for example, wildlife
confined in zoos, parks or rehabilitation centers, or unconfined wildlife at environmental
education centers).

§197-4. Enforcement.
This ordinance shall be enforced by the West Deptford Township Police Department
and/or Board of Health of the Township of West Deptford.

Any person found to be in violation of this ordinance shall be ordered to cease the
feeding immediately.

§197-5. Violations and Penalties.

Any person(s) who is found to be in violation of the provisions of this ordinance shall be
subject to a fine not to exceed $500.00.

§197-6. Severability.

Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be
an independent section, subsection, sentence, clause and phrase, and the finding or holding of
any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or
reason, shall not affect any other portion of this Ordinance.

BE IT FURTHER ORDAINED that this Ordinance shall take effect immediately upon
final passage and publication as required by law.
